<sup>i</sup> Green Sources: FSC certified, verified Pacific 'Ecotimber' from community forestry operations, or verified recycled, reused and urban salvage.

<sup>ii</sup> Amber Sources Include:

- stepwise schemes to FSC e.g. TFT, SmartStep,
- timber and wood products certified or verified by other schemes that exceed the requirements of the FSC Controlled Wood standard (entry level requirements), including CSA but not including MTCC, PEFC, AFS and ISO.
- credible 3<sup>rd</sup> party verified legal,
- 'community' small-scale sawn timber,
- verified plantation wood with commitment to move to certification,
- NZ plantation grown eucalyptus, other hardwoods, and Cypress spp,
- non-verified recycled, reused and urban salvage, and
- timber and wood products with Environmental Choice certification.

<sup>iii</sup> Do you know of other importers, manufacturers, or retailers that trade in or sell Good Wood products? Please list details below or forward this survey to them.
